Blairmore School Report

The following is the report of the Blairmore public school for the month of February:

The school was in operation for nineteen days during the month and 197 pupils were enrolled.

Junior Grade I.—Number enrolled 35, aggregate attendance 510.5, average attendance 26.86, percentage of attendance 75.74. Those who attended every day and on time: George Kafoury, John Kaefer, Henrietta Robbins, Jessie McVey, Maurice Bond, Albert Thibadeau, Vincent Morin, M. E. Moir, teacher.

First Primary.—Number enrolled 22, aggregate attendance 262.6, average attendance 19.78, percentage of attendance 86.72. Late 7. Catherine Williams, teacher.

Grade II.—Number enrolled 44, aggregate attendance 710, average attendance 37.36, percentage of attendance 88.95, late 6. Pupils neither late nor absent: George Lyon, Rita Dought, Sarah McVey, Lucy Hinde, George Bond, Edward Thibadeau, Marion Ennis, Vachel Kaefer, Mar-Joe, Gwan Macdonald, Julius Haber, Marcelle Simon, Olga Mission, Catherine Lyon, Jeanette Thibadeau, M. M. Perkins, teacher.

Grades III and IV.—Number enrolled 44, aggregate attendance 784, average attendance 41.26, percentage of attendance 89.69, late 7. K. B. Darreth, teacher.

Grades V, VI and VII.—Number enrolled 39, aggregate attendance 638, average attendance 38.83, percentage of attendance 88.41, late 6. E. M. Fulton, teacher.

Grades VIII and IX.—Number enrolled 16, aggregate attendance 277, average attendance 14.58, percentage of attendance 91.42, late 8. Pupils neither late nor absent were: Christiana McLeod, Mary Kafoury, Donald McLeod, Peter Montalenti, Harry Vincent.

Only two of the rooms managed to get the attendance up to 91 percent. With the coming of warmer weather we hope to see improvement in this respect. Miss Fulton is again the only teacher in the building whose room gets a hall holiday.

J. W. VERGEE, Principal.

A Sacred Song Service

This is a new departure in the church life of The Pass. For the first time such a service will be rendered in the Institutional church, Coleman, on Monday night next. The choir, under the leadership of Mrs. W. Lee, assisted by Mrs. Jas. Emerson as organist, has been practicing for some weeks. The piece contains a story which will be read by Mr. Murray. Songs, anthems and hymns set forth with finesse the sacred ideas of the tale.

The general public has cordially invited. There is no charge for admission. A collection will be taken. It is hoped that all interested in good and elevating music will help to fill the Institutional church on Monday night. Such services deserve the hearty support of all who are interested in the best forms of musical renderings.

Go to the Alberta Trading Co's for Specials this week, or phone 147.

Associated Board of Trade

The executive board of the Associated Boards of Trade of Southern Alberta have joined the commercial organizations of Eastern British Columbia in an appeal to the postal department to allow postoffice to open two hours on Sunday for the convenience of holders of boxes, and that the general delivery window be opened for one hour for the delivery of Sunday mail to travelers, and those who do not have postoffice boxes or regular addresses in a city or town.

The board will also appeal to the Board of Grain Commissioners to submit their plans for raising, and free exportation, raising and regulation, grading methods, etc., to the various farmers' organizations and Boards of Trade for at least three months previous to the intended date of instituting such markets to permit a fair, free and expression of opinion thereon, with a view to the Grain Board correcting any rules or regulations that will apparently work to the disadvantage of the grain grower and the farmer before putting them into practice.

The grain commission will visit Alberta this month and will hold a session at Medicine Hat on March 12 at Lethbridge on the 13th, at Regina on the 14th, and in Calgary on the 15th and 16th.

Mine Manager Disputes Claim

The manager of the Leitch collieries at Pasburg takes strong and apparently justifiable exception to the statement made at the miners' convention to the effect that the average wage paid a miner at his mine is \$1.50 to \$2.00. The accountant has looked up the figures for contract work which shows an average net daily earning of \$4.04, while the day men are paid the schedule as fixed in the agreement with the union. The figures for contract work per man for the past six months are supplied by the accountant as:

August	\$5.178	\$3.95
September	5.097	4.08
October	5.012	4.08
November	4.788	4.12
December	4.720	3.78
January 1913	5.280	4.21

Av. for 6 months \$5.004 \$4.04
—Free Press

5000 Facts About Canada

The public will welcome the 1913 edition of "5000 Facts About Canada," compiled by Frank Veitch, the acknowledged authority on things Canadian and author of "Through the Heart of Canada." Ten thousand copies are now sold annually, which say all over Canada, the Empire and the world.

"The Facts booklet is stuffed as full of information as a sausage is of meat," says an English Journal, and the new issue, with new features and improvements, colored map of the Dominion, etc., presents a striking story of the wonderful advantage of Canada in a single year. The booklet is issued at 25c a copy by the Canadian Facts Pub. Co., 58 Huron St., Toronto, and sold by leading newsdealers.

The Blairmore brass band is doing exceptionally well and will shortly give a concert in the opera house.

Mr. Pegg Will Resign

C. J. Pegg, who for the past two and a half years has been managing the operation of the Rocky Mountain Cement Company's plant in Blairmore, has decided to resign his position with the local company to accept a similar and even more responsible position with the Edmonton Portland Cement Company at Marlboro, Alberta. Mr. Pegg is located about one hundred and fifty miles west of Edmonton on the Grand Trunk Pacific and Canadian Northern lines, and is spoken of as one of the most promising industrial centres yet born to Alberta.

The plant of the Edmonton Portland Cement Co., is just about completed, and at a cost of approximately \$1,000,000, all Edmonton capital, comprises one of the most modern cement manufacturing plants in the Dominion, planned for a capacity of 1800 barrels of cement per day. The plant contains four Goldie & McCulloch boilers of 350 h. p., fed by automatic grate stockers, two steam turbines of 1000 K. W. and 650 K. W. respectively.

Edmund-Governor-Holmes of Alberta, is chairman of the board of directors of the new enterprise.

We congratulate Mr. Pegg upon his new appointment, and trust that his engineering ability will be equally as well appreciated at Marlboro as it has been during his term of office in Blairmore.

Hockey

The exhibition hockey game played on the Blairmore rink on Saturday night between the Peigans and the locals was very interesting and one of the cleanest games for the season. The Peigans, besides being fast skaters, displayed great knowledge of the game and made continued practice of combination work.

The score was 4 to 2 in Blairmore's favor.

The Peigans played Frank on the Frank rink Friday night, and were defeated to the big tune of 14 to 10, twenty-four goals having been scored within an hour.

The Indian lineup was as follows:

Goal—Ullin Bastine,
Point—Tom Crawford,
C. Point—Charles Provo,
Rover—John Bastine,
C. Forward—Raglan Provo,
B. Wing—George Bastine,
L. Wing—Tom Born-with-a-tooth.

The Blairmore boys were: B. White, goal; C. Lewis, J. K. Irwin, B. Lewis, W. Goddard, H. Paul and B. Kourke.

Married at Coleman

David Hyslop and Miss Agnes D. McEllick were united in matrimony at the Institutional church on Monday, third inst., by the Rev. T. M. Murray.

At a pie-eating contest at the Blairmore opera house last night Alexander McVey's rising star from the bonnie town was crowned with having the best manipulated eating apparatus in Blairmore.

My Digestion Is Now Good

And I feel like a Young Man Since Using Dr. Chase's Kidney-Liver Pills

Prof. A. T. Smith.

What a horrible condition the digestive system gets into when the liver becomes sluggish and the bowels constipated. The poisonous waste matter is thrown back into the blood stream and one may find in all parts of the body, causing pains and aches and sometimes of fatigue and misery.

It is wonderful how quickly Dr. Chase's Kidney-Liver Pills sweep the system clean, and how they restore the liver to its normal condition, and enable the organs of digestion to resume their natural functions.

Prof. A. T. Smith, M. B. Chas. Smith, Montreal, and formerly of St. Louis, Mass., writes: "I suffered for many years with indigestion, constipation and horrible backaches. I have been treated by the best doctors without any result. One day a friend from Boston advised the use of Dr. Chase's Kidney-Liver Pills. After using two boxes I noticed great improvement, and after the fourth box I was completely cured. My digestion is good. I never feel any pain in the back. My head is clear and I feel like a young man. I think Dr. Chase's Kidney-Liver Pills are one of the best medicines on earth."

Dr. Chase's Kidney-Liver Pills are sold by all druggists, or by mail, at \$1.00 per box, or \$5.00 per dozen, by Dr. E. B. Eddy Company, Limited, Toronto.

Facial Freaks and Follies
After the Christmas party they both felt very pleased with themselves and things in general. They sat together in a cozy little arm, and brandy by their side in a glass in both hands—proposed.

"There was no hesitation on the lady's part as she accepted, and a moment later they occupied but one chair whilst she nestled cozily to his ready arm, and looked him full in the face.

"And she said, you are unusual, you are playing a game with me! Darling, he laughed, what—You—you're making faces at me! she laughed again, and said, I can't help it, he murmured, sadly. My eyes are so tired, and you don't want to let go of your dear little hand."

To Asthma Sufferers. Dr. J. D. Kellogg's Asthma Remedy is a simple, safe, and a helping hand to a sinking sufferer. It gives new life and hope by curing the trouble—something he has come to believe impossible. Its benefit is too evident to be questioned. It is a most, almost—its own best advertisement. If you suffer from asthma, get this, and you will find it will help like thousands of others.

A Bilky Question
At the supper-table Mr. Wade mentioned a tragic circumstance that he had read that in the newspaper. "He was drowned," said Mr. Wade, "no; of course not," said Mr. Wade, "but he drowned his neck."

How Generous
"Wasn't it said about old Robinson's failure?"
"What has he got to do with it?"
"Yes; last evening he possessed. That's too bad. He promised me something yesterday, but now in his trouble I can't hold him to it."

Rector's Wife—What made you think the collection was made for the minister a new suit?
"Rector—because of the congregation part in buttons."

USE YOUR SPARE TIME
We give you a Home Study Course which will enable you to prepare for better things by using your spare time. We teach all Commercial Branches, Higher Accounting, Drawing, Illustrating, and all young people for good positions at good salaries. Write us for particulars and let us know what position you would like to fill. Do it! Do it! Do it! Address W. H. Shaw, President, Shaw Correspondence School, Toronto, Canada.

KIDNEY TROUBLE
All Urine Acid Disorders, including Rheumatism, Gravel and Lumbago are relieved by Dr. Chase's Kidney-Liver Pills. A remedy that has no equal in the world. It is a most, almost—its own best advertisement. If you suffer from kidney trouble, get this, and you will find it will help like thousands of others.

A Love-story Smuggling Story
Of the many strange stories told in connection with the exploits of the smuggling fraternity on the coast, the most singular is perhaps the one which is connected with the story of the smuggling of a woman.

The following evening the victor in the struggle, notwithstanding the success of the hour, the doctor, who had been called in to attend to the woman, found a man to whom he administered all the comfort which he could.

NAVAL ESTIMATES NEAR COMPLETION

Britain Will Spend Vast Sum on Program—New Drive of Profile

London.—According to the "Daily Mail" the work on Great Britain's naval estimates for the coming year is nearly completed. The one point remaining to be decided is whether five or six battleships shall be laid down in the coming year.

The naval programme will include an expenditure of \$240,000,000, and will include five battleships, eight armored cruisers, twenty destroyers, a number of submarines, and an addition to the personnel of 5,000 men, making a total of 147,500 officers and men.

The battleships will be of a new type, the largest and strongest which has ever been built, and will displace 27,000 tons, and will have a speed of 25 knots. They will be armed with 14-inch guns, and will have a range of 14,000 yards.

IT IS NEWS WORTH GIVING TO THE WORLD
HOW RAVAGES OF KIDNEY DISEASE ARE CHECKED IN QUEBEC

Mrs. Julien Painschew, for seven years a sufferer, finds quick relief and cures in Dr. Chase's Kidney-Liver Pills.

Waterbury, Vermont, Canada, Que.—(Special Correspondent.)—The ravages of Kidney Disease are again felt in this province, and the suffering is being checked in the city of Quebec.

Should Organize a Merchants

Protective Association

Now that the Blairmore

Board of Trade has been so

long inactive, would it not be

good idea for the business men

of the town who have the wel-

fare of themselves and that of

others at heart to get together

and organize a Merchants' Pro-

tection Association or Merchants'

Life Alliance, such as would

serve the best interests of

every merchant or tradesman

who chooses to become associated

therewith.

A merchants' protective association

would be formed at Blairmore

last year, and many other cities

and towns all over the Dominion

have found such a move-

ment to serve the best interest

of the business man.

The object of the association

would be to protect the local

trade and market, set a price

scale that would do away with

the present cutting of prices

and monopolizing of trades by

larger business houses, the sys-

tematic collection of accounts

and maintenance of good book-

keeping, and other schemes

that will redound to the benefit

of the business man.

We would suggest that steps

in such direction be taken at

once, and have no doubt but

that every department of busi-

ness will reap a benefit.

For instance a man grum-

bles on the right and wrong in his

attitude at his own expense in a

good cause or in any undertaking

having the welfare to his fellow

creatures as its object. He grumbles

on the wrong side when he vents

his spleen on the rest of the world

because his appetite is poor, or because

he fails to rest comfortably at night

on account of cold feet, either his

own or his wife's, and then grum-

bles the effect of keeping the

system of things alive by keeping up

the excitement of society. Grum-

bling is useful as unless the attention

of those whose power it lies to re-

medy certain defects were not called

to those defects, the remedy might

never be applied. We have heard it

said that it is the nature of some

people to be so grumbly that they

are so then by all means let them grum-

ble as long as they keep within

decent bounds. But there are

possibly grumblers who are not

entirely reasonable. But for the sake

of our readers if our remarks are

prolonged to a greater length, may

feel disposed to avail themselves of

the privilege alluded to and grum-

ble at our profit, we will bring our

remarks to a close by saying that

although the grumbler is often an

most intolerable nuisance he is at

times productive of good results and

should therefore to a certain extent

be tolerated.—Hambler.

Edmonton, Alta., Feb. 28—

While general voting on referred

by-law was approved by the city

Council of Edmonton, an amend-

ment to grant the adult franchise

and suffrage to women was de-

feated by a vote of eight to two.

Mayor William Short, who drafted

the original charter by which

Edmonton owns and operates

all the public utilities and raises

taxes on land values only, opposed the amendment.

Alderman Gustave H. May

announced today that he will bring

the matter up in another form

and if that fails he may call for

a special election of the people to

decide the question. The amend-

ment provided that the franchise

be given to all bona fide residents

of the city over 21 years of age,

who are British subjects by birth

or naturalization. So far the

votes for women movement in

Edmonton has not reached the

majority stage.

Women's Guild

Is Organized

The Ladies Aid of the Pres-

byterian church has disappoin-

ed. A meeting of women work-

ers in connection with the con-

gregation was held at Mrs.

Lyon's residence on Thursday

afternoon, and it was decided

to merge the ladies aid of past

days into a Women's Guild, to

undertake not only the support

of the local enterprises of the

congregation but also to sup-

port the central operations of

the Presbyterian church.

The following officers were

elected:

Pres.—Mrs. W. P. Williams

Vice-Pres.—Mrs. H. Higelow

Treas.—Mrs. A. Dryden

Secretary—Mrs. M. M. M. M.

More next week.

The Grumbler

A few days ago it was remarked

in our hearing that the continuous

grumbler was an intolerable nuisance

in any community and should, if pos-

sible, be banished. We have also

been thinking the matter over. The

chronic grumbler is no doubt partic-

ularly disliked, and no doubt a sys-

tematic history of grumblers arranged

into classes would be a curious

and perhaps an instructive work.

There are grumblers at everything.

There may be looked upon as the

carries in when the origin of such

thoughtlessness must be very fully de-

veloped, although as far as we are aware

philologists have not located any

such origin, or if they have done so

they have failed to regularize it with

the venerable in the language

as another. But still, grumbler

because something is, and there are

people who grumble because some-

thing is not, in fact there is nothing

done or not done that will not fur-

nish food for grumblers of our genus

to another. But still grumblers

must not be looked upon as al-

together bad things, for like nearly

every thing else it has a good and

a bad side. For instance a man grum-

bles on the right and wrong in his

attitude at his own expense in a

good cause or in any undertaking

having the welfare to his fellow

creatures as its object. He grumbles

on the wrong side when he vents

his spleen on the rest of the world

because his appetite is poor, or because

he fails to rest comfortably at night

on account of cold feet, either his

own or his wife's, and then grum-

bles the effect of keeping the

system of things alive by keeping up

the excitement of society. Grum-

bling is useful as unless the attention

of those whose power it lies to re-

medy certain defects were not called

to those defects, the remedy might

never be applied. We have heard it

said that it is the nature of some

people to be so grumbly that they

are so then by all means let them grum-

ble as long as they keep within

decent bounds. But there are

possibly grumblers who are not

entirely reasonable. But for the sake

of our readers if our remarks are

prolonged to a greater length, may

feel disposed to avail themselves of

the privilege alluded to and grum-

ble at our profit, we will bring our

remarks to a close by saying that

CUI BONO

The Alberta hockey championship has been awarded to the Edmonton Bruins by default on the part of the other contestants, the Capitals. Through the efforts of the capital hockey league, the Capitals, who are really the strongest organization in the province, were absent from the provincial league and deprived of the opportunity of challenging for the Allan Cup. The Bruins' past record is sufficient guarantee that the Allan Cup will not fall in Alberta's possession, but because the Tulsa Oilers and the Baltimore Stars were victims of charges of professionalism, Alberta might as well sit back and bask in the results.

Bodies of Indians

To Be Exhumed

As the result of the latest hold on the bodies of Single Rider and his wife, the two Indians who are believed to have died from the effects of drinking Florida water, which they procured at Cardston, the bodies have been ordered to be exhumed and the exhumation with the contents, sent to Dr. Revell, the provincial analyst, at Edmonton, for examination. Pending Dr. Revell's report the inquest was postponed for two weeks.

The mounted police have arrested Vincent Stewer, of Cardston, from which it is alleged the Florida water was purchased, on the technical charge of selling liquor to Indians, but in the meantime being left to await the result of the inquest.

Dr. Kribbel, coroner, conducted the inquest at the Hotel Agency and the jury is composed of Messrs. Butcher, Blauz, MacNeil, Pearson, Parker and Graham.

The inquest summary filed on the technical charge took place today at Stand Off - Macdonald Avenue, March 6th.

To Protect the Egg Trade

During the past year the Live Stock Branch of the Department of Agriculture has been engaged in a preliminary investigation of the Canadian egg trade. Certain facts relating to the enormous loss that is charged back against the farmer and the unsatisfactory states of the trade as a whole have been collected and presented in Bulletin No. 16, entitled "The Care of Market Eggs." Realizing, however, the necessity of securing more detailed information before inaugurating and policy, having for its object the bringing about of improvement in the condition of the business, the Minister of Agriculture has authorized the appointment of J. A. Hare, P.S.A., of Whitley, to undertake the necessary investigation.

Mr. Hare has made a close study of poultry business in general and has written numerous articles, among which is a bulletin now in press. By virtue of his technical training and his practical experience Mr. Hare is, therefore, well qualified as a specialist in poultry work. He will first be concerned with the collection of data that is available on the grading of eggs as they have been received at wholesale produce houses of Canada during the past two years. The information thus obtained will be used to form a basis for such action as may be taken by the government in initiating a movement to improve and properly regulate the trade.

Mr. Hare will be located at Ottawa, but will travel extensively throughout the Dominion first in the east and later in the west.

FOR SALE - Pure-bred Bronze Turkeys and Goshers for breeding purpose. Also Banded Black Cockerels. Apply to Blossomwood Ranch, Frank, or phone 67.

Demonstration Farms

That the provincial demonstration farms are being of great value to the province from an educational standpoint, is also of value financially has been made amply apparent in the present session of the legislature. In answer to questions asked by the opposition members Hon. Duncan Marshall, minister of agriculture, brought down figures showing that although only in operation for part of the year the farms have made excellent showings.

Best cattle purchased at \$60.20 and 76.61 each, and fattened in the procedure of the demonstration farms had an average of 496.97 each, the gross profit on 192 head steers sold during 1912, amounting to \$217.24. On the farm at Onda the profit on beef cattle amounted to \$287.80. While on the same farm profits derived from the sale of horses, sheep, swine and other products amounted to \$2892.00. The profit on the Okotoks farm farm for the year 1912-13, was \$1,400.00, which also made good showings.

The Government has also been active in raising the standard of general and pure bred stock in the province, and good work along these lines has been done during the year, while on preventing the spread of various kinds the sum of \$97,494.30 was spent during the year.

Pro Hockey Player's Dictionary

Goal Judge - A human being who is always taking a splinter out of his eye when the visiting team shoots.

Puck - A rubber substance the shape of a peppermint pod. Although only 30 cents value, men have been known to fight over them.

Net - A shifting target which a poor shooting team says does not really exist.

Skate - Piece of metal attached to the foot for motion.

Referee - Automatic steamboat whistle.

Penalty - Anywhere from two to twenty bucks, some money.

Coverpoint - A strong, gym person, see Harry Lyon.

Overtime - Extra turn for the same price of admission.

Cross Check - Juxtaposition of the face with a piece of wood.

Puss - See officials.

Happenings in and Around Blairmore

Hugh Pettit of Cowley, drove to town yesterday.

Mrs. P. Sammut visited Bellevue on Monday last.

J. P. Mitchell was in town from Medicine Hat on Monday.

Sam Kniss left this week for the Peace River district.

Mrs. Kidd's maternity home, Box 95, Phone 151, Blairmore.

R. Smallwood will erect a dwelling house and blacksmith shop.

The city fathers of Blairmore will meet on Monday night next.

John Angus McDonald returned from the South Fork on Wednesday.

A. Prager has sold his interest in the Blairmore wholesale liquor business.

Mrs. David Madlen, of Lundbreck, visited friends at Coleman this week.

Don't forget the big sale at the Crown's Nest Pass Hardware Co's, Frank, -ad.

Spring has broken in real earnest this time and the snow is fast disappearing.

The front of Montabell's furniture store is being renovated by Walter Miller.

D. A. Sinclair visited Calgary during the week, and returned to town, Tuesday.

Santo Canario and Joe Forzhong took in the dance at Macleod on Monday night.

A baptismal service is to be held at the Presbyterian church on Sunday next at 11 o'clock.

Messrs. Sherrard and Latta will hold their Spring Military opening on Friday, March 14th.

A basket social will be held in the Presbyterian mission hall on Thursday of Easter week.

F. M. Thompson Co. have a sale in oranges. See their window. All sizes at 30c. per dozen.

M. R. Schofield, of P. Burns & Co., was in Coleman on Wednesday. He is reported doing nicely.

F. E. Hinds had the misfortune of breaking the axle of his auto coming from Bellevue on Wednesday.

Owing to the mild weather of Monday's night, the scheduled games between Blairmore and Beaver Mines was postponed.

T. Frayer and Miss Frayer returned from Calgary on Wednesday. Mr. Frayer has very much improved in health.

J. Heips, representing the wholesale stationery firm of Clark Bros., Winnipeg, paid Blairmore a visit on Tuesday last.

Tennis enthusiasts are already getting busy, and it is expected the courts will be brought into use before the end of March.

Little Willie James, who sustained a broken leg over a month ago, is out of hospital, though yet under the doctor's treatment.

The Ford is, without exception, in a class by itself. There is no car to touch it at the price. A. W. Robbins, Blairmore Garage.

The delivery wagon on the 41 Market Co., Coleman, passed east through Blairmore on Wednesday afternoon with a bunch of live stock.

The subject for the morning service at the Baptist church next Sunday will be "The Unwashed Feet," and for the evening "Doctors of Disimulation."

The proceeds of the basket social which is to be held in the mission hall on Thursday of Easter week will go towards the building fund of the new Presbyterian church.

Why The Pacific Coast Fights

Sky of The Oriental Immigration

A magazine entitled "As I see it" has been published by the British Columbia Chinese and Hindi people into British Columbia.

The Chinese does not want to colonize. He does not want to work. He wants only to earn his money on the Pacific Coast and board it and go home to China, with it. The fact that he does not want to remain in the country, but comes only to work and go back has always been used as an argument against him.

Neither does he consider himself your equal. Nor does he want to marry your daughter, nor have you consider him a prize of the Royal blood to disfigure a race in which the little boy is as great an adept as the English country who drops enough "b's" to build a monument while he is telling you of his rural blue blood. If you mistake the Chinese for a prize of the Royal blood, the result will be just what they were with a poor girl in New York four or five years ago. The result was just what they always are when you mistake a mongrel for a thoroughbred.

All the same, it is the idea from your mind that labor is to be had in the Pacific Coast. The immigration five years ago, when the Oriental labor came tumbling into B. C. at the rate of 12,000 in a single year—when Chinese alone had come to number about 18,000 in B. C.—labor was alarmed; but a twofold change has taken place since that time. First, labor has found that it can be controlled. The Chinaman by keeping him in China and letting the product of cheap labor come from beyond the Chinaman has demonstrated his solidarity as a unit in the labor war. If he comes, he will not forget with capital. Thus is satisfied. He will not dilute with the native for higher wages.

On Thursday, March 27th, a

one of the most interesting and important of the Pacific Coast with the place at Cranbrook where the Chinese and Hindi people are in the past about three years ago, and Oscar Montmorency, who is the last of a

The annual masquerade ball will be held in the Blairmore opera house on the night of Monday, March 17th—St. Patrick's Day. Masquerade will not be held on Tuesday—costumes. Only those in full dress will be permitted on the floor between 9 and 11:30. Admission \$2.00, balcony 20 cents. Every body's welcome.

Word was received by C. J. Pegg on Thursday of this week of the death of his mother-in-law, Mrs. John McDonald, at Yankton, South Dakota. Mrs. McDonald was up in the eighties, and had been in failing health for some time past. During the past several months her daughter, Mrs. Pegg, had been present and was in attendance at the time of her decease.

Logging operations at the McLaren lumber camp ceased on Saturday last. On Sunday this world's possessions were made up of a whole pig which for a short period appeared on the table at the camp after having been benefitted by its body guard and spark of life. On Monday a pig was brought to the camp and the men numbering about sixty men who had come from Blairmore and Coleman, from whence the majority departed to seek occupations for the summer months on the prairie.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of Rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

The Ford is, without exception, in a class by itself. There is no car to touch it at the price. A. W. Robbins, Blairmore Garage.

Frank

Mark Drumm came down from Calgary last week to spend a while on his ranch here.

FOR SALE CHEAP—One Peerless Incubator and Brooder, Phone 67, or apply Blossomwood Ranch, Frank.

Our hockey team lost out to Coleman on Monday night by a score of 11 to 2. A large number went to Coleman with it.

We are pleased to report that Mr. Sherrard, the hockey player, who has been in the Frank hospital the past couple of weeks, is fast improving.

Miss Berry, who has been teaching at the local school for the past three years, has been obliged to tender her resignation to take effect as soon as a successor can be appointed.

People are flocking to the Crown's Nest Pass Hardware company's store where their large stock of Hardware and Furniture is being sold at prices never before heard of in the Pass. See bills.

No sooner had the hockey season closed than Frank footballers started to consider their season's programme. Frank has some new blood this year, and hopes to have the team that will carry off the cup.

Harry Murphy has decided to pull up stakes at Frank and move to the Pacific coast, where it is understood he will open up a dry goods and gent's furnishing business in the thriving town of Kamloops. Mr. Murphy's goods and effects have been shipped, and he hopes to bid farewell to the Crown's Nest Pass in the course of a few days.

Let the Good Work Go On

Four Hindus were killed at Fort Moody, B. C., last week during having run into a C. P. R. stock train. The train was uninjured.

Mike Ross purposes disposing of his property in Southern Alberta and leaving the town of Blairmore.

A well-known young lady of Blairmore now wears her hair back forward, in the endeavor to display a circular piece of jewelry acquired at the expense of a local athlete.
